

Study Island Individual Learning Packets (View Missed)

Step 1 – Log into Study Island

Step 2- Select School Stats

Step 2- Select Benchmarking Report

The image shows a software dialog box titled "School Stats Report Options". It contains several dropdown menus and a checkbox. The "Report Type" dropdown is set to "Benchmarking Report". The "Report Format" dropdown is set to "Individual Student Format". The "Select a Class" dropdown is set to "Students in grade [3]". The "Select a Student" dropdown is set to "--". The "Select a Program" dropdown is set to "3rd Grade - PA Standards Mastery and PSSA Prep:". There is a "Filter By Date" checkbox which is unchecked. At the bottom of the dialog are two buttons: "View Report" and "Close".

1. Select your class

2. Select a student

3. Select the appropriate grade

4. Click on "View Report"

1. Select your class

2. Select a student

3. Select the appropriate grade

4. Click on "View Report"

| Math Benchmarks | |
|----------------------|--|
| Date | Test Name |
| 09/20/11 11:30 AM | PSSA Math Benchmark 1 - view missed |
| 11/14/11 11:17 AM | PSSA Math Benchmark 2 - view missed |
| 01/11/12 9:44 AM | PSSA Math Benchmark 3 - view missed |

| Reading Benchmarks | |
|----------------------|--|
| Date | Test Name |
| 09/13/11 11:36 AM | PSSA Reading Benchmark 1 (Retired 01/11/12) - view missed |
| 11/07/11 11:08 AM | PSSA Reading Benchmark 2 - view missed |
| 01/09/12 11:10 AM | PSSA Reading Benchmark 3 - view missed |

Select the appropriate benchmark and click on “view missed”

You now have a specific report on problems this student answered incorrectly in the benchmark test.

Repeat this process for a reading and math report for each student in your class

Double-sided printing instructions are on the next page
