

## Power Teacher App

- 1) Download from App Store (PowerTeacher Mobile)
- 2) Open App-> Select Settings
- 3) Select Server (on left hand side) and enter the following settings:

*\*Please Note: Do NOT select Locate District Server then search by Zipcode or address, this will give you incorrect information. Populate the fields by typing only !*

Server Address - Powerschool.chetenham.org  
Port Number - 80  
SSL - Off

- 4) Select Login (left hand side, top option)
- 5) Enter your PowerSchool Username and Password.
- 6) Select your school (all Cheltenham schools should show)

Note: For instructions on using the app please visit the 'Help Index' under the settings tab. You will find detailed information on the apps functionality in this section.
